

GOOD WITH ME CORPORATE EMPLOYEE ENRICHMENT PROGRAM!

The book. *Good With Me*, began with the discovery of **other-dependency**. That discovery has had a life-changing effect for thousands of people...some of whom abused drugs and alcohol, some were in trouble with the law, some had lost everything that seemed to matter and given up, work was just a paycheck and relationships at home and in the work place weren't working for many, some were depressed or anxious, and most were worried, stressed to the max, and just plain unhappy.

The community. And now *Good With Me* is more than a book! It's a **community of like-minded people** who are learning that their happiness and freedom from stress is not dependent upon someone or something outside themselves.

A BIG DIFFERENCE!

The Proclamation.

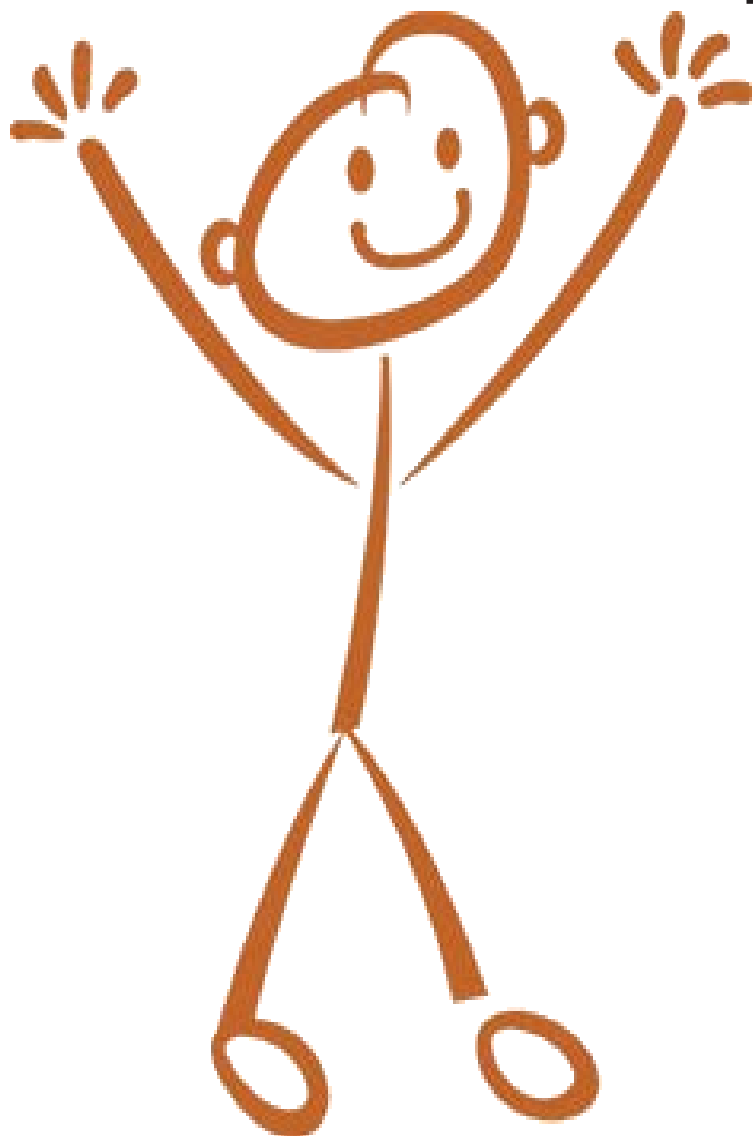

Being Good With Me is a Big Deal!

Mayor Rick Kriseman proclaims September 21st of each year as *Good With Me Day* in the city of St. Petersburg, FL
